All employees are made aware of the company Health and Safety policy by training, toolbox talks, workshops and awareness sessions and are encouraged to comply with their duties under the 1974 and 2005 Acts to notify the company management of identified hazards in the workplace.

The allocation of duties for safety matters and particular arrangements to implement the policy are set out in the Induchem Group Safety Statement.

This policy and the way in which it has operated will be reviewed at least annually, particularly as the business changes in nature and size.
